Our theme this year--"From Generation to Generation" reminds us of the ways our lives, histories, actions, and stories are interconnected and woven together. In the midst of all that is seeking to divide us in the world, what does it look like to practice belonging to one another? To remember our common story as God's People? The work of God is always unfolding—in and through us. This Advent season, how will we remember our stories and move forward together? May you be blessed this Christmas as we make room in our hearts for the greatest story ever told!
